FOCUS ON

2018 Waterline Project Charing Road (Leeds Road to Canterbury Road)

The purpose of this notice is to inform you about the upcoming waterline work on Charing Road, between Leeds Road and Canterbury Road. The general contractor, Elite Excavating, is scheduled to start work on **Thursday, May 17, 2018**. Initially, this will involve the setup of traffic controls signs, survey layout, equipment delivery, erosion and sediment control measures and saw-cutting of the pavement. Work will start at Leeds Road and proceed east towards the Dead End.

During construction, Leeds Road will be closed to through traffic. Residents within the work zone will have access to their driveways for most of the project, except on a few occasions when work takes place immediately in front of their driveway. Every effort will be made to provide advance notice when this is to occur. There will be **no parking** allowed on the roadway **7:30 am-7 pm, Monday through Saturday** for the duration of the project.

Please notify us if you have a dog fence or sprinkler system located behind the curb, so that we can try to avoid damaging them during the installation of the waterline and water services.

We realize this work will be an inconvenience to you and we will do everything possible to minimize the impact. Your patience is greatly appreciated.

Additional “Focus On” notices will follow with project updates. The City also encourages you to follow us on Facebook (facebook.com/CityofUA) or Twitter ([@CityofUA](https://twitter.com/CityofUA)) for timely updates on these and other construction projects, community issues and more.

If you have any questions, please contact the Project Representative, Chad Ritzler, at 614-406-8381, or critzler@uaoh.net. Thank you.

Would You Like to Receive Future Updates on this Project?

In an effort to reach more property owners more quickly, we are requesting you send us your email address for future updates on this project. If you do not have an email address and wish to receive future notices by mail, please let us know. Send your preference to Amanda Disanto at adisanto@uaoh.net or 614-583-5360. Thanks you for helping us improve our efficiency.
